 southhamsdistrictcouncil

Residents can [check their collection dates](#) on our website. [The guide on our website](#) should help residents know what to do when disposing of the more tricky items they might have this Christmas.

The garden waste collection service will be suspended for four weeks, from Sunday 17 December. The service will resume on Monday 15 January. We are not able to collect real Christmas trees this year. Residents should take these to their local recycling centre.

S106 Infrastructure Funding Statements

Each year the Council is required to send to Central Government it's Section 106 Infrastructure Funding Statements.

Following liaison with Finance, Open Space, Sport and Recreation (OSSR) and Affordable Housing Officers, the 22/23 submissions were compiled by the Section 106 team and details of the submissions can be [found here](#).

Dai Antill | Senior Business Support Officer

Help residents save on their energy bills

Lower income households could benefit from free energy efficiency upgrades to their homes this winter with our support.

We are working with partners South Dartmoor Community Energy to survey eligible homes across the District and provide energy efficiency measures, personalised to the needs of the property.

Homes Upgrade Grants are available to homeowners with an annual income of less than £31k, who have heating that isn't mains gas with an EPC rating of D,E,F or G.

Please spread the word and if you know of any residents who may be eligible for support, please ask them to [apply online](#).

Dave Sexton | Principal Environmental Health Officer
