

Diptford Primary School Report

Diptford Primary School continues to thrive, pupil numbers continue to grow and the school is a welcoming place for all. Since September we have been extremely busy, the children came back to school eager to learn and to have some normality, new staff have joined us and become great additions to the Diptford Team. Friends of Diptford (FODs) continue to support the school and their fundraising efforts have meant that we were able to get a long-awaited canopy for the area outside of our Nursery, this provides shelter on a rainy day and shade on a sunny day.

It has been brilliant being able to give the children the opportunity to get back on school trips, this is something they have really missed but we continue to have lots planned, including lots of sporting events during Healthy Living Week and residentials for our KS2 children.

As we are approaching the end of the Spring Term we are busy practising for our Easter Service which will be held during the last week before the Easter holidays.

We look forward to seeing what the Summer Term holds.
