

DIPTFORD SOCIAL CLUB

Aims of Organization

1. Support for all residents living in the village of Diptford and the local area.
2. Due to the scattered nature of the community the club recognizes the need to address the issue of isolation and loneliness. This being particularly relevant to elderly residents living alone or with health and, or mobility problems.
3. Whilst there are residents in Diptford who are financially secure this is certainly not universal, and the Club aims to provide free or minimal cost entertainment and social interaction.
4. To fundamentally bring together a community who can rely on each other for support.
5. To provide entertainment events for the village to enhance all the residents' quality of life.
6. Wherever possible village events will be held in the Parish Hall, this will substantially increase utilization of an underused asset within the village. And hopefully provide a hub for the community.
